**Till We Meet Again**

*You lived your life for others  
And you loved without condition.  
You made so many laugh  
And your smile won't be forgotten.  
You always sought for knowledge  
And you taught us how to live.  
You left behind an empty place  
That no one else can fill.  
The friendships that you made  
Will in our hearts endure.  
You built your life on faith and prayer  
An anchor for our souls.  
The memories that you left behind  
Will bring us face to face.  
So goodbye is not forever,  
Just till we meet again.*
