Our Dearest Legacy,

There are some lights so bright they never truly dim. Your joyful smile and kind heart lit up every space you entered. Your playful demeanor and infectious laughter touched every person who met you. You will be missed and cherished in our hearts.

We thank you for the profound gift you were to this world, your family, and specifically your mother - our Sister.

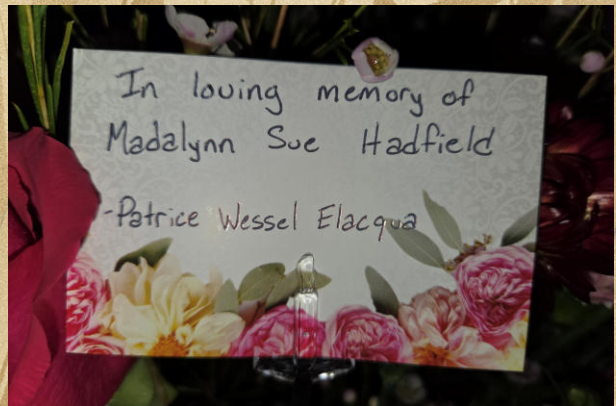

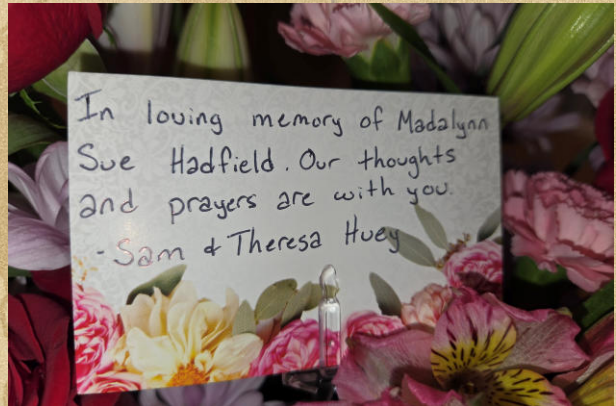

She is the fiercest woman we know. Rest easy as we are and will be here for her, we promise to hold her close, and hold her up when she needs it.

Rest peacefully among the stars, sweet Maddie.

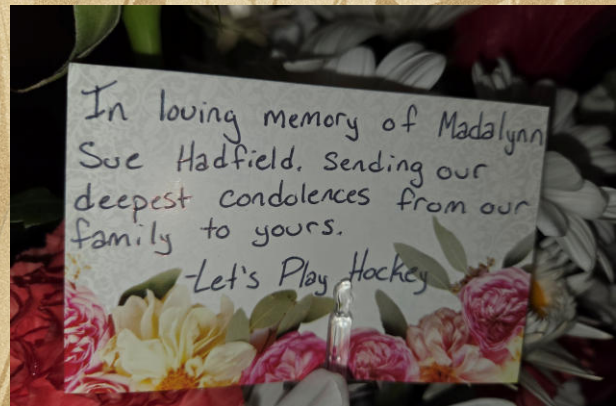

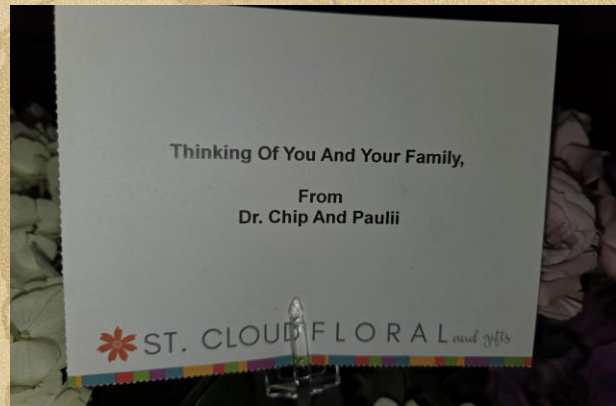

Swing your legs playfully as you rest upon the crescent moon and share your warmth with the world.

With eternal love in PKE,  
Your Sisters in Gamma Phi Beta
