*When you get caught in the rain
With nowhere to run
When you're distraught and in pain
Without anyone
When you keep crying out to be saved
But nobody comes
And you feel so far away
That you just can't find your way home
You can get there alone
It's okay, once you say
I can make it through the rain
I can stand up once again
On my own and I know
That I'm strong enough to mend
And every time I feel afraid
I hold tighter to my faith
And live one more day
And I make it through the rain*
