Dear Jo, you had such a kind heart and gentle soul. I am so grateful to have been your big sister. I will always carry you with me in my heart. I know you are with God up in Heaven and knowing this gives me peace, even though I miss you everyday. From your laugh, your smile, to the way you laugh at my lame jokes and the way we share the same interests. I'd give anything to play one more tekken match with you, or share one last laugh with you.

Love you always. -Kali

*I will miss you. I love you

To My Brother Joe

He was my better half, we overcame so much together and I'm glad he didn't worry if he was loved.

He was always optimistic and open minded. I never saw or heard him raise his voice. Joe was a gentle giant and he helped me more than he could have imagined.

He was there for my first kid, he was there when I got married, and he was there when I graduated from my university. Now I know he's with me wherever I go.

*I love you Joe! Forever and Always
